Remarks from team A

Remarks from team B

Analysis

2C was 18-19 balanced. The 4D call was transfer according to agreements, but the convention card erroneously stated GF natural. West looked at convention card instead of asking. At the end of the board West stated that had he known it was transfer he would have doubled for a diamond lead. If East leads his only diamond declarer goes one down.

Decision

A poll was made whether players with the West hand would be likely to double. This was a very unpopular choice, actually only one player would double given a certain agreement.

Since it was possible, although unlikely that West would have doubled with the correct information I decided to give a weighted score, 20%4H-1, 80%4H=
