## Message from the EBL – Convention Cards

### Please read this carefully !

The time for registration of systems for the European Team Championships in Budapest is rapidly approaching – **they are all to be registered with me by 23<sup>rd</sup> May.**

I need, please, the convention cards for your teams (in English of course!) together with any supplementary sheets – a maximum of six – you need to register to clarify your system and, if appropriate, any Brown Sticker Forms if you are using a BS convention. I remind you that BS conventions are NOT permitted in the Senior Teams, only for the Open and Women's Teams.

Hopefully most of them now have it in Word or Excel rather than the CCE or Lee Edwards program. I can still read these but you should be aware that it is becoming more and more difficult with upgraded computers, and you should at least consider changing to either Word or Excel for the future.

I do not require their full system notes, but they should have them with you in Budapest in case of a query.

To date I have a total of 10 convention cards registered, so I am expecting a lot more !

In accordance with the regulations, the URL for opponents' systems will only be sent out to teams that have registered all their own systems.

To see which ones are registered and to check that I have the list for your team players correct, please [click here](#) where you will find the lists. These lists also show which email addresses I have registered and that means that those people will receive this email, and in most cases, so will the captain and the coach.

In addition on this occasion I am sending it to the person who actually registered the team on the EBL website and to the EBL Systems Committee Members.

Please ensure that ALL members of your team are made aware of this email and the requirement to file their system. It would help if you could send me email addresses that are missing as well and please check with your captain and coach to make sure they have also received it.

NOTE : Convention Cards should be sent to [anna@ecats.co.uk](mailto:anna@ecats.co.uk)
