Description:

Review *Life* A profound lesson for the living.

Medical Opinion & Review On Death and Dying can help us face, professionally and personally, the end of life.

Review "The presentation of the seminal work in this field may offer new insight even to those who have already read it.... The various patients are presented by a male and female reader in an effective give-and-take with Bilger...Their voices are well-modulated and reflect intensity of emotion without being overdone." --*AudioFile*
